

**WASHINGTON, DC** – Congressman Steny H. Hoyer (MD-5) released the following statement after the White House released state-by-state information regarding the impact of the American Jobs Act:

“This week, President Obama sent to Congress a plan to create jobs and help put Americans back to work,” **stated Congressman Hoyer**. “A number of provisions in the President’s plan are similar to the Democrats’ Make It In America plan to create jobs, and they would have a very positive impact here in Maryland: help small businesses succeed and hire, provide tax relief for our workers, and provide help to those who lost their jobs through no fault of their own. It is clear that Americans cannot wait any longer for us to take action on these important ideas. Putting Americans back to work and strengthening our economy are the most important responsibility of this Congress, so I am hopeful that Republicans will bring the American Jobs Act to the Floor for a vote as soon as possible.”

***Following are five components of the American Jobs Act and their impact on Maryland:***

### **1. Tax Cuts to Help America’s Small Businesses Hire and Grow**

- The President’s plan will cut the payroll tax in half to 3.1% for employers on the first \$5 million in wages, providing broad tax relief to all businesses but targeting it to the 98 percent of firms with wages below this level. **In Maryland, 110,000 firms will receive a payroll tax cut under the American Jobs Act.**

### **2. Putting Workers Back on the Job While Rebuilding and Modernizing America**

- The President’s plan includes \$50 billion in immediate investments for highways, transit, rail and aviation, helping to modernize an infrastructure that now receives a grade of “D” from the American Society of Civil Engineers and putting hundreds of thousands of construction workers back on the job. **Of the investments for highway and transit modernization projects, the President’s plan will make immediate investments of at least \$625,500,000**

in Maryland that could support a minimum of approximately 8,100 local jobs.

- The President is proposing to invest \$35 billion to prevent layoffs of up to 280,000 teachers, while supporting the hiring of tens of thousands more and keeping cops and firefighters on the job. **These funds would help states and localities avoid and reverse layoffs now, and will provide \$541,700,000 in funds to Maryland to support up to 6,000 educator and first responder jobs.**

- The President is proposing a \$25 billion investment in school infrastructure that will modernize at least 35,000 public schools – investments that will create jobs, while improving classrooms and upgrading our schools to meet 21st century needs. **Maryland will receive \$315,800,000 in funding to support as many as 4,100 jobs.**

- The President is proposing to invest \$15 billion in a national effort to put construction workers on the job rehabilitating and refurbishing hundreds of thousands of vacant and foreclosed homes and businesses. **Maryland could receive about \$20,000,000 to revitalize and refurbish local communities, in addition to funds that would be available through a competitive application.**

- The President's plan proposes \$5 billion of investments for facilities modernization needs at community colleges. Investment in modernizing community colleges fills a key resource gap, and ensures these local, bedrock education institutions have the facilities and equipment to address current workforce demands in today's highly technical and growing fields. **Maryland could receive \$93,900,000 in funding in the next fiscal year for its community colleges.**

### 3. Pathways Back to Work for Americans Looking for Jobs.

- Drawing on the best ideas of both parties and the most innovative states, the President is proposing the most sweeping reforms to the unemployment insurance (UI) system in 40 years help those without jobs transition to the workplace. **This could help put the 90,000 long-term unemployed workers in Maryland back to work.**

- **Alongside these reforms, the President is reiterating his call to extend unemployment insurance, preventing 17,600 people looking for work in Maryland from losing their benefits in just the first 6 weeks.** And, across the country, the number saved from losing benefits would triple by the end of the year.

- The President is proposing a new Pathways Back to Work Fund to provide hundreds of thousands of low-income youth and adults with opportunities to work and to achieve needed training in growth industries. **Pathways Back to Work could place 1,700 adults and 8,300 youths in jobs in Maryland.**

#### 4. Tax Relief for Every American Worker and Family

- The President's plan will expand the payroll tax cut passed last December by cutting workers payroll taxes in half next year. **A typical household in Maryland, with a median income of around \$64,000, will receive a tax cut of around \$1,980.**

#### 5. Fully Paid for as Part of the President's Long-Term Deficit Reduction Plan.

- To ensure that the American Jobs Act is fully paid for, the President will call on the Joint Committee to come up with additional deficit reduction necessary to pay for the Act and still meet its deficit target. The President will, in the coming days, release a detailed plan that will show how we can do that while achieving the additional deficit reduction necessary.
